ABDULAZEEZ ELYAKUB

Computer Science (Data Science) Student | AI Evaluation | Data Analysis | Python

India | Open to Remote Opportunities

Email: [abdulazeezelyakub@gamil.com] | **Phone:**[+**919381481639**]

LinkedIn: [www.linkedin.com/in/abdulaziz-elyakub]

SUMMARY

Computer Science student specializing in Data Science with knowledge of Python, data analysis, machine learning fundamentals, and cybersecurity. Strong analytical thinking, attention to detail, and problem-solving abilities. Experienced in working with datasets, identifying patterns, interpreting information, and creating data visualizations. Interested in AI evaluation, AI training, data annotation, and data-focused technology roles.

EDUCATION

B.Sc. Computer Science — Data Science

Vignan University, India | **2023–2026**

Relevant coursework: Data Science, Python, Machine Learning, Statistics, Linear Algebra, Database Systems, Computer Networks, Cybersecurity.

TECHNICAL SKILLS

Programming: Python, JavaScript, HTML, CSS

Data: Pandas, NumPy, Excel, Google Sheets, Data Cleaning, Data Analysis

Visualization: Tableau, Power BI

AI/ML: Machine Learning Fundamentals, Dataset Analysis, AI/LLM Concepts, Data Annotation, Model Evaluation Concepts

Other: Cybersecurity, Networking, GitHub, Jupyter Notebook, VS Code

PROJECTS

Sales Performance Data Analysis Dashboard

- Cleaned and analyzed structured sales data to identify trends and performance patterns.
- Created interactive Tableau visualizations and dashboards to communicate insights.
- Used data-driven analysis to identify key performance indicators.

Data Science & Machine Learning Projects

- Used Python and data analysis libraries to explore, clean, and interpret datasets.
- Applied basic statistical and machine learning concepts to identify patterns and generate insights.
- Documented findings and communicated technical results clearly.

CERTIFICATIONS

- **Cisco — Introduction to Cybersecurity**
- **Cisco — Cyber Defense Analyst** *(Coursework/In Progress)*

CORE STRENGTHS

Analytical Thinking • Critical Reasoning • Attention to Detail • Data Interpretation • Problem Solving • Research • Quality Assurance • Written Communication • Independent Work

TARGET ROLES

AI Evaluator • AI Trainer • Data Annotator • AI Data Specialist • Data Analyst Intern • Research Assistant
